

Recording Renovations

This guide steps through the process of adding renovation details to a reservoir. By storing basic information about the renovation, ASAM also becomes a quick reference guide for future works and previously used suppliers.

Renovations may include:

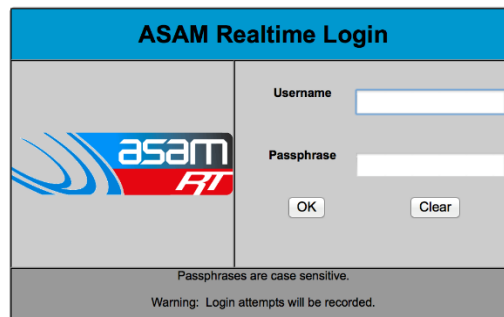

- Hatch upgrade
- New ladder installs
- Roof renovations
- Coating replacements
- Crack injection repairs
- Safety installations
- Nozzle installations
- Ventilation upgrades
- Or any other works!

Login to ASAM

1. Go to www.asam.com.au and select the login button to go to the login page

2. Enter your unique login details

The screenshot shows the 'ASAM Realtime Login' form. It features the ASAM RT logo on the left. To the right, there are two input fields: 'Username' and 'Passphrase'. Below these fields are 'OK' and 'Clear' buttons. At the bottom of the form, there is a warning: 'Passphrases are case sensitive. Warning: Login attempts will be recorded.'

This site is best viewed at 1024 x 768 resolution.

For a tour of ASAM RT Software, enter Username: **ascc48** Password: **7368**
You will be able to view All State City Council and all their assets.
